9 EMERY STUDIO

Emery Studio houses some of the most coveted international brands in the bespoke lighting, tableware and home decor space. The brands under Emery Studio are one of a kind and quintessential symbols of French luxury. Through its collaborations with celebrated designers and brands, it offers handcrafted products created with the finest materials and specialised techniques to elevate spaces to new heights of sophistication. At the AD Design Show, it displayed collections from Saint-Louis and Daum brands, showcasing crystal-glass products that are a blend of tradition and innovation.

10 GULMOHAR LANE

Offering products for modern homes that blend functionality and beauty, Gulmohar Lane is an online brand that has aesthetic furniture, tasteful lighting and statement accessories. Its products are also available at its factory showroom in Jaipur. It celebrates the beauty of natural materials that are sustainably sourced. Gulmohar Lane creates classic designs that are not only visually beautiful but offer comfort for everyday use. One of the core beliefs of the brand is to support artisans and craftspeople.

11 GALERIE ISA

Located in Mumbai, Galerie ISA offers a programme that is focused on the world's most dynamic contemporary artists. It is known for developing a long-standing dialogue with established and mid-career artists and showcased works of both South Asian and international artists at the AD Design Show. The gallery has shown works of artists such as Diana Al-Hadid, Louise Despont, Santiago Giralds, Gregor Hildebrandt, Michael Kunze, Iiris Khan, Annie Morris and Antonio Santin.

12 HYBEC

Providing intelligent lighting solutions, Hybec is one of the leading manufacturers of architectural lighting in India. It has over 50 stores, and is known for its innovation and technology. The brand's motto lies in designing for the present while thinking about the future. At the AD Design Show, Hybec showcased its Pro Series which has been highly appreciated by the architecture and interior design fraternity over the years, along with other products with recent advancements.
