DISTINGUISHED AND ALL ABOUT DESIGN THAT IS DIFFERENT & DISTINCTIVE

GETTING PERSONAL WITH...

Deepikka Jindal, Shubra Chadda, Venkatram Reddy, Rohit Kapoor, Adarsh Gill, Anuja & Mayank Gupta, Shweta Mewara & Saurabh Ailawadi, Karim Rashid, Emma Maxwell, Scott Mitchell, Gracinha Viterbo, Maurizio Pellizzoni and Krsna Mehta

They met while studying fashion design at NIFT, after which Saurabh Ailawadi and Shweta Mewara interned at different design houses before coming together and starting Gulmohar Lane — a handcrafted online store for living room furniture. Her most ambitious project in college was raising ₹1,00,00 for an event, while his was a transparent plastic trouser for his final project. Almost all of their work reflects their personalities, they cannot remember their worst work experience as Saurabh feels that good and bad days come and go, and Shweta is an optimist.

Wearing both designer and entrepreneur's hats has been a great learning experience.

When I start a project, I check whether the work reflects the brand ethos, including material, timelines, commercials and customer satisfaction.
